New Yorkers have certainly become accustomed to their daily dose of current predictions, but the weather "guru" from which they get their forecasts is much less reliable. According to Chris Mooney, one of the guests on this week's "Bill Nye Saves the World," the "worst weather forecaster" in the U.S. is a guy named Fred Vallejo. Appearing on the January 21 episode, Mooney explained to the audience that Vallejo's "superpower" was predicting which way the wind blows, and he declared it's not that big of a deal. "
